Red Cross To Have Kick-Off Dinner At Anson March 1

A kickoff dinner for the Jones County Red Cross fund campaign has been set for Monday evening, March 1, at 7:30 o'clock p. m. at the Legion Hall in Anson, the day before the opening drive according to a report from Mrs. R. F. Mahood, Jones County's publicity chairman of the campaign.

George Harrell of Anson, chapter vice chairman, is in charge of the arrangements and all workers in connection with the drive will be expected to attend the spokesman said.

Jones County's goal for the 1948 fund campaign has been set at \$8,366, which is a little more than last year.

Bill Morrow, Stamford, is the fund chairman and will appoint chairmen in the various towns and communities of the County, who, in turn, will call on others to help in the drive.

At a recent meeting of the executive committee, plans for the campaign and various other matters came up for consideration. Herald readers will recall that Hubert Watson, chapter chairman, was in charge at the meeting.

Disaster planning for the county was brought up and a complete new set-up will be worked out along that line soon, so it can operate effectively in case of disaster, according to a report from Dick Rowland of Stamford who is disaster chairman.

Production department has been inactive for the past two years and is being reorganized with Mrs. Guy King of Stamford as chairman.

SS Man Urges Hamlin People To Get Its Special Protection

Ralph T. Fisher of Abilene with the Social Security Administration office there this week told Hamlin folks that, "The Social Security Act places emphasis on the importance of the family and gives special protection to women with young children," Fisher stated.

"Some women callers," he continued, "think that benefits are paid only to 65-year-old widows. When a qualified worker of any age dies and leaves a widow who was living with him at the time of his death, she is immediately eligible to receive:

1.—Monthly payments for herself and their unmarried children under 18.

2.—A single cash payment if there are no children."

Many women seem to think that in the event of their husband's death that they can get back only the few dollars paid in social security premiums. It should come as no surprise to a widow to learn that she and her minor children are eligible for regular monthly payments. Many such benefits are now in force. These monthly benefits frequently mean for children the differences between going to work and going to school. Monthly benefits to widows have been the means of keeping many families together and home intact.

Stamford 4-H-FFA Livestock Show Set For Saturday Morn

Hamlin and area attendants are advised that judges for the Stamford Fat Livestock Show for 4-H and FFA Boys have been selected by the committee.

Judging will start promptly at 9:30 o'clock a. m. Saturday.

Leslie Bropping, vocational agriculture teacher in the Snyder High School will judge the fat calf division and the beef breeding cattle. Burk of Seymour will judge the swine and capons.

The auction and sale committees have completed plans for the sale which will follow the judging. Only place animals will be bought this year. Bedding will be furnished to all entries. The show will be held in the Texas Cowboy Reunion grounds.

Three New Wells Located Three Others Completed

Notrheast Well Expects to Top Swastika Soon

Eight miles northeast of Hamlin Signal Oil & Gas Company, No. 1 H. B. Lewis was expected to top the Swastika early this week if weather permitted.

This Stonewall County wildcat is located 660 feet from the north and west lines of the northeast quarter of section 139 BB&C survey. The well was drilling below 3,000 feet after topping the Flippin at 2,864 feet. Permit on this well is for 6,500 feet.

Haskell Carter Gets Mention In WTCC 'West Texas Today'

Following "thumbnail" sketch appeared in West Texas Today, official publication of the West Texas Chamber of Commerce, of Haskell Carter. The article is one of a series giving highlights of the directors of the regional organization.

His picture was used in connection with the article.

As it appeared in the February issue: "A WTCC director since 1945 is Haskell W. Carter of Hamlin. He has lived there 15 years and during all the period has been a busy man, rendering notable service to community and county. During the war he served on the War Price and Rationing Board. He was vice-chairman of the Jones County Boy Scout troops and is a director of the county Red Cross chapter. He also is tax-assessor and collector for the Hamlin consolidated independent school district. He is prominent in Lionism, having been president of the Hamlin Club and deputy district governor of Lions International's District 2-E. Mr. Carter is a merchant, owner of a large variety store. Somehow he finds time to tend his considerable farm-and-ranch properties, putting into practice there his firm conviction that soil and water conservation is the farmer's best pay-off."

Rev. Osteen Speaks to Snyder Young People

Rev. John Osteen, pastor of the Hamlin First Baptist Church, spoke to the young people of the First Baptist Church at Snyder last Thursday.

Occasion was an annual Sweetheart's Banquet for Young People's Department of the church. His topic was, "Young People Do Not Crack-Up."

Rev. J. T. Crawford, pastor of the Hamlin Church of the Nazarene accompanied Rev. Osteen to the banquet.

Revival Announced At Four Square Gospel Church

REV. JUDY CHAVEZ

Four Square Gospel Church of Hamlin, Rev. Alice Harrell, pastor, has announced that a revival will begin Sunday, February 29 with Rev. Judy Chavez of Los Angeles, California, doing the preaching. Services will start a 7:15 o'clock p. m. each night, with special music and singing.

Everyone is cordially invited by the pastor to attend these services.

Locations for three new Jones County oil explorations, two wildcats and one extension try, were filed late this week, while completions were being made on three new producers extending previous production.

Three miles west of Stith, location for a Swastika test has been filed by Tecumseh Oil & Gas Company, Incorporated, and Geochemical Surveys as the No. 1 Crans-ton et al, 1,650 feet from the west and 660 from the south line of the north half of section 11 block 17 T&P survey.

Location is a northeast offset to a wildcat drilled more than a year ago by Geochemical, which had a good show in the Swastika, but was not able to develop commercial production. Rig was moved to the location early this week.

Location on another located 15 miles southeast of Anson, 330 feet from the north and 1,000 feet from the west line of section 46 block 15 T&P survey, Daresco Oil Well Service Company, is to drill the No. 2 Bert Fields, a Cisco wildcat. It is on permit for 2,000 feet with cable tools.

A south extension try to a recently developed production about 21 miles southwest of Anson, Eltex Incorporated, is to drill the No. 3 W. B. Adamson et al, 990 feet from the north and 330 from the east line of the S. Winters survey3. This is on permit for 2,700 feet with rotary.

A good producer from the Swastika was seen early this week as the George D. Morgan, trustee, No. 1 Lloyd Gunter, 1,127 foot east offset to production in the South Noodle Field, began flowing oil through casing after having been drilled from 3,086 feet, top of the formation, to 3,099 with cable tools.

After the flow began, the well was shut in for running of tubing and is to gauge this week. It is located 467 feet from the south and west lines of the east half of the west half of section 34 block 18 T&P survey.

Choke tests of various sizes to determine the best production opening were made early this week on the north extension to the Pitzer Strawn pool, seven miles north of Merkel, the V. C. Perni Jr., et al No. 1 John R. Collins, 467 feet from the east line of lot 24 league 150 DeWitt County School Lands survey.

This well completing in the Strawn below 4,648-4,662 feet, the well kicked off and began flowing after swabbing clean. Initial flow established at about two barrels per hour and was expected to show increase.

To another well one and a half miles east of the Pitzer pool, a show of oil on stem test in the Strawn from about 4,500-4,515 feet was reported for the Paim & McGaha et al No. 1 A W. McCollum, 330 feet from the south and west lines of section 15 block 17 T&P survey. Following the test drilling was to be resumed the report stated.

Another well located about 18 miles southeast of Anson, pumping unit was being installed on the Geochemical Surveys Incorporated, No. 1 J. R. Simpson, Frazier pay discovery 330 feet from the south and east lines of the 40 acre Simpson tract in section 18 block 16 T&P survey. This well flowed through casing and a show for large production from the pay at 2,272-2,276 feet but operators had not been able to reestablish the flow after the well was killed for running casing and completing.

In the Alexander pool about 25 miles east of Hamlin, hole was lost at 1,490 feet on the George D. Morgan, trustee, and Con-Tex Oil Corporation, No. 11 W. H. Myatt and rig was being skidded to a twin location for a new try. Location was 700 feet from the south and 100 feet from the east line of J. H. Warfield survey 10.

About 26 miles southwest of Hamlin, drilling was continuing below 2,285 feet on the Eastland Oil Company, and F. Kirk Johnson No. 1 J. J. Steele, a Swastika wildcat, 990 feet from the north and 9,075 from the east line of the Harrison County School Lands league 334. It is on permit for 3,100 feet.

Mrs. J. A. Jackson has been confined at her home this past week with a severe cold.

Blessed Events

Mr. and Mrs. Logan Smith of 1803 South Seventh Street, Waco announce the birth of a boy, Kenneth Alan. Both parents are formally of Hamlin. He was principal of the High School at one time and a teacher of science in 1934 and 1935.

College Education
Offered to Hamlin
Grads by A.&M.

Any Hamlin boy graduating from high school this year with a good scholastic record and need of financial assistance will have a chance to win his own college education in a competition being conducted by Texas A&M College, Stephenville. Notice of the 1948 competition, with entry blanks for Hamlin boys who want to compete, were mailed to the principal of Hamlin High School by R. G. Perryman, secretary of the Texas A&M College scholarship committee.

Filling the need of giving every outstanding Texas boy a chance to earn his own college education, in spite of possible financial handicaps, the "Texas A&M Opportunity Awards" program is now in its third year. It offers boys graduating from Texas' high schools each year a chance to compete for a four-year college scholarship paying \$200 to \$300 per year, plus an assurance of student jobs sufficient to earn other necessary expenses.

Mr. and Mrs. Bill Harber of Abilene visited their parents, Mr. and Mrs. Joe McCrary and Mrs. Lola Harber over the week-end.

Margaret Stephens visited her grandparents, Mr. and Mrs. J. H. Foster, over the week-end.

Here And There...

Through the Eyes of a Woman
By AN ONYMOUS

Have you met Mrs. Robert Carl Gardner? 'S funny how these youngsters grow up and find charming companions. Seems only yesterday Robert Carl was a barefoot youngster. At the present, until an apartment can be found, Robert and Mrs. Gardner are at home with Mr. and Mrs. B. H. Gardner. Mrs. Gardner replaced former Frances Ubben, who became Mrs. Pete Simon early in January. Mrs. Gardner is an English teacher in high school.

Are you watching Hamlin yawn and stretch its arms and grow?

Have you met Walter Sanders yet? and Mrs. Sanders and the little Miss Sanders? I was glad they bought their home here. You know, they bought the house just north of the J. P. Morgans.

Mr. and Mrs. P. D. Funderburk had two brothers of Mr. Funderburk visiting them the past week. They were from Fort Worth. We learned that they lived here with their father in 1906, and here we settlers of 15 or 20 years thought the Funderburks new to Hamlin. Well, at least, Mrs. Funderburk and sons, Noel and Paul, are new. And, by the way, did you know that Mrs. Funderburk is to be one of the main nurses in our new Memorial Hospital?

Mr. and Mrs. W. S. Peacock were visitors of Mr. and Mrs. Vernon Harris over the week-end.

Mildred Holt of Wichita Falls spent the week-end with her parents, Mr. and Mrs. Joe Holt.

Well, I for one, was glad to see those old gasoline pumps removed from the front of Simpson's store—think it's quite an improvement. These plumbers must be mighty busy helping the city fix all these frozen water pipes. It would be interesting to rise around and count the frozen-over ditches.

Fred B. Moore, Jr., is enthusiastic—as usual—over the progress of his elevator. It's refreshing to see someone like Fred B. come home from college and army with a wife and baby and establish himself as Fred B. has.

Did you hear about Jerry Duncan changing—or trying to change—his baby sister's name? Seems Jerry has a very favorite little friend named Carol Jo and he insists on changing Connie Jo to his little playmate's name. These hard-headed men! In case you may not know Jerry, his papa is Piggly-Wiggly, Edgar Duncan.

Wonder about that beauty parlor lady's canvass of Main Street residential section, tryin to locate a place for a business? Where did she say she lived—Abilene?

More next week—maybe!

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feeling tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

Grains, Cotton and Livestock Partially Recover from Losses Market Shows

Cotton, grains and livestock partially recovered recent losses last week according to a report to The Herald from the United States Department Agriculture Production and Marketing Administration.

Cotton trading increased sharply at Southwest markets and prices advanced around \$3.50 a bale. Dallas closed Friday at 32 cents

per pound.

Grains made a strong comeback from sharp declines of recent weeks. More active demand brought out materially increased marketings as the situation became more stable. Sorghums gained around 16 cents per 100 for the week, as corn advanced 19 to 23 cents a bushel, barley 16 cents, oats at five and one-half cents and wheat at eight and one-half cents.

Although most feedstuffs showed net declines for the week, some strength developed toward the close. Peanuts sold at support prices and shelled goods found little demand. Hogs recovered mostly 50 cents to \$1 or more of recent losses during the week's trade, though off weights and sows suffered further losses at Wichita and Denver. San Antonio paid a top of \$23 for the week as Fort Worth gave \$23.50, Oklahoma City \$24, Wichita \$23.25 and Denver \$23.75. Sows ranged from \$16.25 to \$17.50.

Texas sheep markets held steady to strong for the week, though goats sold weak to \$1 lower at San Antonio. Other Southwest sheep prices closed \$1 to \$2 lower on lambs and as much as \$1 down on ewes. Medium to choice fat lambs ranged from \$18.50 to \$22. Top ewes brought \$11 to \$13, and most goats \$8.50 down.

Most cattle classes sold strong to \$1 higher for the week, though bulls tended lower at some markets and cows lost at Houston. Common to medium cows brought \$15 to \$18 at

Fisher County Man Asks for Reelection As Commissioner

The Herald is this week authorized to announce the name of I. D. (Ike) West as a candidate for reelection for commissioner of precinct No. 2 in Fisher County, subject to the action of the Democratic primary.

West intended to announce earlier in the year in The Herald but rates for political announcements had not been established at that time.

He states that he may have something to say regarding his candidacy at a later date.

Mrs. J. T. Hart and children of Lubbock, Mrs. John Jenkins and children and Mrs. Jim Richerson of Sundown were visitors of Mrs. Lola Harbert over the week-end.

Houston and Wichita, while medium and good grades moved at \$17.50 to \$19 at San Antonio and \$17 to \$20 at Oklahoma City. Fort Worth bought beef cows from \$1550 to \$18, as Denver took common to good kinds from \$16 to \$18.40. A spread of \$11 to \$15 took most canners and cutters though Denver paid up to \$15.50.

Eggs sold lower at Fort Worth and poultry weakened slightly at Fort Worth and Denver, as most other Southwest markets remained steady to firm. Dallas bought eggs around 40 cents a dozen, Fort Worth 40 to 42 and Denver 39 to 40. Fryers ranged from 33 to 35½ cents a pound at Dallas, Fort Worth and New Orleans.

C. S. Funk, Former Resident, Buried at Rotan Sunday Eve

Funeral services were conducted at Rotan Sunday afternoon for Clinton S. Funk, former resident at the Rotan First Methodist Church at 2:30 o'clock p. m.

He died of a heart attack after being seriously ill for several days. Services were conducted by Rev. R. S. Watkins, pastor, assisted by Rev. O. T. Brown, Baptist pastor at Rotan.

Old timers will recall that Funk was born in Wise County March 25, 1885 and he moved here with his parents near the present town of Hamlin. His family and he moved from Hamlin to Rotan in 1907.

He married Olivia Fearan September 29, 1908 and lived several years in Rotan and moved to New Mexico then returned to Rotan in 1938 where he has been engaged in stock farming ever since.

He is survived by his widow, a son, Everett C. Funk of Denver, Colorado; and a daughter, Mrs. Richard Price of Lubbock; and five grandchildren and four sisters.

Loans For Homes Are Down 5 Per Cent For Last Month

Hamlin homeowners were informed this week that loans for the purchase of homes in Hamlin and Texas slumped five per cent between November and December and dropped four per cent below their December 1946 level, according to a report to The Herald from University of Texas Bureau of Business Research.

Savings and loan associations reported to the Federal Home Loan Bank of Little Rock, Arkansas that loans for all purposes were declining.

December loans for all purposes totaled 1,585 for a three per cent monthly setback, but remained to a three per cent total above the last year's totals for the same period. Amount of all loans reached \$5,840,275 registering a two per cent yearly increase, despite a November-to-December decline of four per cent.

Refinancing loans increased 40 per cent, above December 1947 figures; however, loans for the purchase of homes accounted for more than a half of the total reaching \$2,821,846.

Some people never have reflections unless they stand before a mirror.

TRUE STORIES of WEST TEXAS

(By N. H. Kincaid, 2618 History St., Abilene, Texas—Copyrighted)

"BEN FICKLIN, STAGE OPERATOR"

Ben Ficklin eyed the drove of mules speculatively. No doubt about it, those critters needed shoeing badly. And it should be done before they were distributed among the stations for mail service.

This was in 1867 and just the year previously the United States Postoffice Department had awarded B. F. Ficklin, his brother, Slaughter Ficklin, and Frederick P. Sawyer a new mail contract for the Overland Daily Mail. There were to be three mails per week in the Southwest Texas run, with Fort Stockton as the meeting place between the East and West bound stages between San Antonio and El Paso.

This was the first of their several lines throughout West Texas. Later, Ficklin built the Concho Mail Station about three miles from the newly established Fort Concho to serve as his headquarters. All the horses, mules and supplies were kept here and it was here that houses were built for the employees. The stage lines from Fort Worth and San Antonio then united here at Concho and ran West to El Paso.

Now Ben Ficklin was economical to parsimony and never allowed even a piece of broken leather to be wasted. And so on this day as his eyes appraised his horses' need for shoes, his mind was nimbly calculating the cost. And the total seemed staggering to him.

And then his face brightened. He was near the government post of Fort Concho. Now, if he could just get the post farrier of blacksmith to do the work!

Ficklin, usually called Major Ben Ficklin by his associates, contacted the garrison's commander and made his request. The commander gave his permission, providing the smithy had the time and wished to do the work. It took the farrier four days to shoe all the horses.

Ficklin was elated with the job and his own business sagacity.

"Here, let me make you a little gift after all that work!" he ex-

passively told the farrier as he handed him a \$1.

"Gift, is it!" retorted the smithy, "you can't 'gift' me. That work is to be paid for."

"But no soldier gets extra pay for doing the work he is ordered to do," Ficklin argued.

But in vain. The commander reminded Ficklin that he had said the smithy could do the work if he wished to. And Major Ben Ficklin felt actually sick as he slowly counted out the required \$25 in silver for the other man's outstretched palm.

Higher Prices and Bumper Crops Pay Texas Farmers Over \$1 Billion for Year

Higher prices and bumper crops brought Hamlin and other Texas farmers a record-smashing \$1,838,387,000 in the year of 1947. The Herald learns from the University of Texas Bureau of Business Research.

Income for 1947 was 47 per cent above that for 1946. All products except cats, mohair, wool, poultry, eggs, fresh vegetables and peanuts, registered substantial gains over the preceding year.

Cotton, bringing in over \$508,000,000 was the greatest source of farm income in 1947. Sales of cattle totaled over \$326,000,000 and wheat over \$252,000,000.

In the Trans-Pecos District, 1947 income was 30 per cent below 1946. Income in the oliver Rio Grande Valley dropped five per cent during the same period. All other districts reported increases ranging from six per cent in the Edwards Plateau to 152 per cent in the Southern High Plains.

December income totaled \$136,340,000 as compared with \$200,783,000 for November. The 32 per cent decline was due to seasonal factors, and the seasonally-adjusted index soared to 488 from 410.6 in November and 336.1 in December 1946. Using as a basis of 100 the years of 1935-1939.

Southern High Plains district reported highest December income \$39,918,000, which was 293 per cent above December 1946. Other substantial gains were turned in by the Black and Grand Prairies and the Northern High Plains.

Marketings of winter fruits and vegetables pushed December farm income in the lower Rio Grande Valley 16 per cent above November, but failed by 17 per cent to exceed December 1946. Farm cash income of all other districts declined, ranging from seven per cent in the Black and Grand Prairies to 51 per cent in the Red Bed Plains.

Cotton Producers Interested in Plan at Consulate

This Jones County cotton farmers are interested in the proposed establishment of a Mexican consulate in Port of Spain, Texas that would help the cotton situation for them during the harvesting season.

Establishment of a Mexican consulate in West Texas and an extension of the teaching of the Spanish language as a required subject in the schools and state owned colleges will be sought by the Latin American Commission of the West Texas Chamber of Commerce, according to a release to The Herald.

These are only two of the eight activities outlined by the newly named commission, according to Herman C. W. Meadows Sr. of Angelo. Another objective will be for the naming of a West Texas Governor's Good Neighbor Commission, "with particular view to aiding in perfecting a fair and equitable arrangement between our producers and the citizens of Old Mexico for seasonal Mexican labor."

The commission also will foster efforts to clear the title to the International Big Bend Park by seeking acquisition of additional acreage the ingress, which now is privately owned. At the same time the commission will work for additional highway, railway and air facilities to serve the park.

Butane Gas Crisis Foretaste of Future If Exports Continue

Butane gas shortage now plaguing its 300,000 users in Texas is a foretaste of what will be happening to the millions of Texans who use natural gas when the gas reserves are not sufficient for both the out-of-state users and Texans served by the gas pipe lines, warned W. H. Kittrell of Dallas this week.

There is plenty of butane being made in Texas now, but so much of the supply is being shipped out of the state, much of it to enrich artificial gas used in the East and to improve the octane rating of low

grade gasoline that there is not enough left to supply the Texans whose state produces these convenient fuels. At the rate at which Texas' gas reserves are being dedicated to interstate pipe lines, in a few short years coalless Texas will shiver while the gas lines under their feet transport its only practical fuel to the eastern states with a coal supply ample for 2,000 years.

Hamlin Woman's Mother is Buried Monday at Bonham

Mrs. R. M. Johnson, 79, mother of Mrs. Walter L. Fuller of Hamlin, was buried in Bonham Tuesday.

Funeral services were held Monday at the Bonham Baptist Church. She was born in Tennessee and had lived in Leonard most of her life. She was married in 1892 and her husband a hardware merchant and justice of peace died in 1935.

Mrs. Charles Havlik of Sweet-home is visiting her daughter and family, Mr. and Mrs. Herbert Bernshausen.

POT-SHOTS FROM McCAULLEY

By GEORGE DARDEN

Girard High School basketball teams, both A and B boys team defeated McCauley at Girard last Tuesday night. It was the first time this season that the McCauley A team had met defeat, winning 28 straight games encircling the district championship as well as the

county championship. It was a good game the score being 38 to 34. At the half it was 20 and 20 and the teams were tied several times during the game. Girard are champions of their district and from a personal standpoint we hope the two teams will meet in the final game for State championship. The McCauley teams defeated Girard by a narrow margin in the March of Dimes benefit game on the local basketball court recently and the trip to Girard was a return game. We believe that the Girard team is one of the best in this part of the county and we certainly appreciate them coming to McCauley that cold winter night for the March of Dimes games. Yep, its bad to lose but both teams have lost and won and both are district champions from their district. And it isn't impossible for the two teams to meet again and next time playing for State. Like McCauley, Girard has a fine team and well coached and our hats are off to both teams.

Mrs. Alice Carricker, Mrs. W. H. Parker, B. F. Kemp send in their checks for the Cemetery Fund, also J. M. Humphries contributes to the Cemetery Fund as well as the March of Dimes. Thanks, neighbors.

Mr. and Mrs. Alvis Mayo and children from Grand Prairie spent last week-end in the home of his parents, Mr. and Mrs. W. B. Mayo. About 100 folks from McCauley attended the basketball games at Girard including a 80 year old fan, S. E. Miers.

Oil play in these parts is still looking up and we never saw so many high-powered automobiles slowly moving up and down our countryside, anyway it makes us feel somebody is wanting to buy something.

A new car of Anchor Feeds has arrived from Bewley Mills for the McCauley Supply Company and will be retailed at the gin office.

Mrs. F. L. Rector was in a hospital at Rotan last week for treatment and is now home and feeling better.

Visiting in the home of their sister and husband, Mr. and Mrs. Melvin Henderson, of McCauley last week-end were Mr. and Mrs. Al Johnson of Abilene and Mr. and Mrs. T. P. Johnson.

McCauley High School basketball team boys winners of district 19 play the Beattie team winners of district 12 at McMurry College, Abilene Friday of this week. Other district champions 14 teams in all will complete and the winner will go to the State finals at Austin. Of course we of the home town will be down there turning hand springs for the McCauley lads.

A number of McCauley Masons, members of Lodge No. 830 A. F. & A. M. attended the George Washington celebration and big feed as guests of the Rotan lodge last Monday night. Representative Harley Sadler was guest speaker.

Bud Lee son of Mr. and Mrs. W. C. Lee and who is stationed down in Mississippi writes his mother that he is proud that Texas led all other states in going over their quota in the recent March of Dimes drive. Bud is making good in the Army and another home town boy who deserves a lot of praise.

O. R. Burnham sends in his check for The Herald for another year. Thanks.

McCauley High School girls basketball team who played last week-end at Hermleigh at the district meet lost the first game by a score won by the McCauley girls score of 21 to 23. Westbrook the winner.

21 to 14. Third game on Saturday Second game with Southland was morning was a heart breaker with Ira nosing the girls by two points in a overtime period. When game ended the teams were tied and it was necessary for a extra three minutes in which Ira made a field goal and there by eliminating our team.

Mr. and Mrs. C. D. Jones and Bonnie Beth visited his parents, Mr. and Mrs. J. O. Jones, at Slaton last Sunday.

There is so much opposition to the Presidents Civil Rights program among the Sputhern Democrats that it now seems possible that another Democrat may get the nod at the Convention.

Assault, the "club foot" comet and the third money winner of all race horses and a Texas horse has been retired after coming up lame in a recent race. Americans go for champions over a horse race.

Mrs. L. H. Loyd is in Clarksville at the bedside of a niece who is very ill.

Miss Velma Lou Boyd, teacher in the Coleman Schools, was home last week-end.

McCauley Masons are sponsoring a George Washington birthday party Friday night and masons of neighboring communities and their wives are invited. Dr. Arant of Hardin-Simmons University, Abilene will be the guest speaker.

Remember the Methodist meeting begin February 29 and thru March 7. You are cordially invited.

There will be two services each day beginning at 10:00 o'clock a. m. and 7:30 o'clock p. m.

A cordial invitation to the public to worship with them is extended by the local church.

Red Cross To Have Kick-Off Dinner At Anson March 1

A kickoff dinner for the Jones County Red Cross fund campaign has been set for Monday evening, March 1, at 7:30 o'clock p. m. at the Legion Hall in Anson, the day before the opening drive according to a report from Mrs. R. F. Mahood, Jones County's publicity chairman of the campaign.

George Harrell of Anson, chapter vice chairman, is in charge of the arrangements and all workers in connection with the drive will be expected to attend the spokesman said.

Jones County's goal for the 1948 fund campaign has been set at \$8,366, which is a little more than last year.

Bill Morrow, Stamford, is the fund chairman and will appoint chairmen in the various towns and communities of the County, who, in turn, will call on others to help in the drive.

At a recent meeting of the executive committee, plans for the campaign and various other matters came up for consideration. Herald readers will recall that Hubert Watson, chapter chairman, was in charge at the meeting.

Disaster planning for the county was brought up and a complete new set-up will be worked out along that line soon, so it can operate effectively in case of disaster, according to a report from Dick Rowland of Stamford who is disaster chairman.

Production department has been inactive for the past two years and is being reorganized with Mrs. Guy King of Stamford as chairman.

SS Man Urges Hamlin People To Get Its Special Protection

Ralph T. Fisher of Abilene with the Social Security Administration office there this week told Hamlin folks that, "The Social Security Act places emphasis on the importance of the family and gives special protection to women with young children."

"Some women callers," he continued, "think that benefits are paid only to 65-year-old widows. When a qualified worker of any age dies and leaves a widow who was living with him at the time of his death, she is immediately eligible to receive:

1.—Monthly payments for herself and their unmarried children under 18.
2.—A single cash payment if there are no children."

Many women seem to think that in the event of their husband's death that they can get back only the few dollars paid in social security premiums. It should come as no surprise to a widow to learn that she and her minor children are eligible for regular monthly payments. Many such benefits are now in force. These monthly benefits frequently mean for children the difference between going to work and going to school. Monthly benefits to widows have been the means of keeping many families together and home intact.

Leslie Bropning, vocational agriculture teacher in the Snyder High School will judge the fat calf division and the beef breeding cattle. Burk of Seymour will judge the swine and capons.

The auction and sale committees have completed plans for the sale which will follow the judging. Only place animals will be bought this year. Bedding will be furnished to all entries. The show will be held in the Texas Cowboy Reunion grounds.

Stamford 4-H-FFA Livestock Show Set For Saturday Morn

Hamlin and area attendants are advised that judges for the Stamford Fat Livestock Show for 4-H and FFA Boys have been selected by the committee.

Judging will start promptly at 9:30 o'clock a. m. Saturday.

Leslie Bropning, vocational agriculture teacher in the Snyder High School will judge the fat calf division and the beef breeding cattle. Burk of Seymour will judge the swine and capons.

The auction and sale committees have completed plans for the sale which will follow the judging. Only place animals will be bought this year. Bedding will be furnished to all entries. The show will be held in the Texas Cowboy Reunion grounds.

Three New Wells Located Three Others Completed

Notrheast Well Expects to Top Swastika Soon

Eight miles northeast of Hamlin Signal Oil & Gas Company, No. 1 H. B. Lewis was expected to top the Swastika early this week if weather permitted.

This Stonewall County wildcat is located 660 feet from the north and west lines of the northeast quarter of section 139 BB&C survey. The well was drilling below 3,000 feet after topping the Flippin at 2,864 feet. Permit on this well is for 6,500 feet.

Haskell Carter Gets Mention In WTCC 'West Texas Today'

Following "thumb nail" sketch appeared in West Texas Today, official publication of the West Texas Chamber of Commerce, of Haskell Carter. The article is one of a series giving highlights of the directors of the regional organization.

His picture was used in connection with the article.

As it appeared in the February issue: "A WTCC director since 1945 is Haskell W. Carter of Hamlin. He has lived there 15 years and during all the period has been a busy man, rendering notable service to community and county. During the war he served on the War Price and Rationing Board. He was vice-chairman of the Jones County Boy Scout troops and is a director of the county Red Cross chapter. He also is tax-assessor and collector for the Hamlin consolidated independent school district. He is prominent in Lionsism, having been president of the Hamlin Club and deputy district governor of Lions International's District 2-E. Mr. Carter is a merchant, owner of a large variety store. Somehow he finds time to tend his considerable farm-and-ranch properties, putting into practice there his firm conviction that soil and water conservation is the farmer's best pay-off."

After the flow began, the well was shut in for running of tubing and is to gauge this week. It is located 467 feet from the south and west lines of the east half of the west half of section 34 block 18 T&P survey.

Choke tests of various sizes to determine the best production opening were made early this week on the north extension to the Pitzer Strawn pool, seven miles north of Merkel, the V. C. Perini Jr., et al No. 1 John R. Collins, 467 feet from the east line of lot 24 league 150 DeWitt County School Lands survey.

This well completing in the Strawn below 4,648-4,662 feet, the well kicked off and began flowing after swabbing clean. Initial flow established at about two barrels per hour and was expected to show increase.

To another well one and a half miles east of the Pitzer pool, a show of oil on stem test in the Strawn from about 4,500-4,515 feet was reported for the Paim & McGaha et al No. 1 A. W. McCollum, 330 feet from the south and west lines of section 15 block 17 T&P survey. Following the test drilling was to be resumed the report stated.

Another well located about 18 miles southeast of Anson, pumping unit was being installed on the Geochemical Surveys Incorporated, No. 1 J. R. Simpson, Frazier pay discovery 330 feet from the south and east lines of the 40 acre Simpson tract in section 18 block 16 T&P survey. This well flowed through casing and a show for large production from the pay at 2,272-2,276 feet but operators had not been able to reestablish the flow after the well was killed for running casing and completing.

In the Alexander pool about 25 miles east of Hamlin, hole was lost at 1,490 feet on the George D. Morgan, trustee, and Con-Tex Oil Corporation, No. 11 W. H. Myatt and rig was being skidded to a twin location for a new try. Location was 700 feet from the south and 100 feet from the east line of J. H. Warfield survey 10.

About 26 miles southwest of Hamlin, drilling was continuing below 2,285 feet on the Eastland Oil Company, and F. Kirk Johnson No. 1 J. J. Steele, a Swastika wildcat, 990 feet from the north and 9,075 from the east line of the Harrison County School Lands league 334. It is on permit for 3,100 feet.

Mrs. J. A. Jackson has been confined of her home this past week with a severe cold.

REV. JUDY CHAVEZ

Four Square Gospel Church of Hamlin, Rev. Alice Harrell, pastor, has announced that a revival will begin Sunday, February 29 with Rev. Judy Chavez of Los Angeles, California, doing the preaching. Services will start at 7:15 o'clock p. m. each night, with special music and singing.

Everyone is cordially invited by the pastor to attend these services.

Blessed Events

Mr. and Mrs. Logan Smith of 1903 South Seventh Street, Waco announce the birth of a boy, Kenneth Alan. Both parents are formally of Hamlin. He was principal of the High School at one time and a teacher of science in 1934 and 1935.

College Education Offered to Hamlin Grads by A.&M.

Any Hamlin boy graduating from high school this year with a good scholastic record and need of financial assistance will have a chance to win his own college education in a competition being conducted by Texas A&M College, Stephenville. Notice of the 1948 competition, with entry blanks for Hamlin boys who want to compete, were mailed to the principal of Hamlin High School by R. G. Perryman, secretary of the Texas A&M College scholarship committee.

Filling the need of giving every outstanding Texas boy a chance to earn his own college education, in spite of possible financial handicaps, the "Texas A&M Opportunity Awards" program is now in its third year. It offers boys graduating from Texas' high schools each year a chance to compete for a four-year college scholarship paying \$200 to \$300 per year, plus an assurance of student jobs sufficient to earn other necessary expenses.

Mr. and Mrs. Bill Harber of Abilene visited their parents, Mr. and Mrs. Joe McCrary and Mrs. Lola Harber over the week-end.

Margaret Stephens visited her grandparents, Mr. and Mrs. J. H. Foster, over the week-end.

Here And There...

Through the Eyes of a Woman
By AN ONYMOUS

Have you met Mrs. Robert Carl Gardner? 'S funny how these youngsters grow up and find charming companions. Seems only yesterday Robert Carl was a barefoot youngster. At the present, until an apartment can be found, Robert and Mrs. Gardner are at home with Mr. and Mrs. B. H. Gardner. Mrs. Gardner replaced former Frances Ubben, who became Mrs. Pete Simon early in January. Mrs. Gardner is an English teacher in high school.

Are you watching Hamlin yawn and stretch its arms and grow?

Have you met Walter Sanders yet? and Mrs. Sanders and the little Miss Sanders? I was glad they bought their home here. You know, they bought the house just north of the J. P. Morgans.

Mr. and Mrs. P. D. Funderburk had two brothers of Mr. Funderburk visiting them the past week. They were from Fort Worth. We learned that they lived here with their father in 1906, and here we settlers of 15 or 20 years thought the Funderburks new to Hamlin. Well, at least, Mrs. Funderburk and sons, Noel and Paul, are new. And, by the way, did you know that Mrs. Funderburk is to be one of the main nurses in our new Memorial Hospital?

(Mr. and Mrs. W. S. Peacock were visitors of Mr. and Mrs. Vernon Harris over the week-end.

Mildred Holt of Wichita Falls spent the week-end with her parents, Mr. and Mrs. Joe Holt.

Well, I for one, was glad to see those old gasoline pumps removed from the front of Simpson's store—think it's quite an improvement. These prumbers must be mighty busy helping the city fix all these frozen water pipes. It would be interesting to ride around and count the frozen-over ditches.

Fred B. Moore, Jr., is enthusiastic—as usual—over the progress of his elevator. It's refreshing to see someone like Fred B. come home from college and army with a wife and baby and establish himself as Fred B. has.

Did you hear about Jerry Duncan, changing—or trying to change—his baby sister's name? Seems Jerry has a very favorite little friend named Carol Jo and he insists on changing Connie Jo to his little playmate's name. These hard-headed men! In case you may not know Jerry, his papa is Piggly-Wiggly, Edgar Duncan.

Wonder about that beauty parlor lady's canvass of Main Street residential section, tryin to locate a place for a business? Where did she say she lived—Abilene?

More next week—maybe!

Mr. and Mrs. Boyce Briscoe visited Mr. Briscoe's sister, Mr. and Mrs. Houston Ward, in Aspermont Sunday.

A little lemon added to dried fruits will increase flavor appeal.

Doyle Dean, Brad Rowland, Jake and Joe Weir of McMurry, Abilene were home over the week-end.

A lie can travel around the world and back again while the truth is lacing up its boots.

\$85 Extra Per Acre.

Would you like to net \$85 extra per acre from your cotton? J. L. Perring of Deming, New Mexico, did. By proper use of natural and commercial fertilizers, he increased his yield as much as 40 per cent.—New Mexico Extension Service.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

Grains, Cotton and Livestock Partially Recover from Losses Market Shows

Cotton, grains and livestock partially recovered recent losses last week according to a report to The Herald from the United States Department of Agriculture Production and Marketing Administration.

Cotton trading increased sharply at Southwest markets and prices advanced around \$3.50 a bale. Dallas closed Friday at 32 cents

per pound.

Grains made a strong comeback from sharp declines of recent weeks. More active demand brought out materially increased marketings as the situation became more stable. Sorghums gained around 16 cents per 100 for the week, as corn advanced 19 to 23 cents a bushel, barley 16 cents, oats at five and one-half cents and wheat at eight and one-half cents.

Although most feedstuffs showed net declines for the week, some strength developed toward the close. Peanuts sold at support prices and shelled goods found little demand. Hogs recovered mostly 50 cents to \$1 or more of recent losses during the week's trade, though off weights and sows suffered further losses at Wichita and Denver. San Antonio paid a top of \$23 for the week as Fort Worth gave \$23.50, Oklahoma City \$24, Wichita \$23.25 and Denver \$23.75. Sows ranged from \$16.25 to \$17.50.

Texas sheep markets held steady to strong for the week, though goats sold weak to \$1 lower at San Antonio. Other Southwest sheep prices closed \$1 to \$2 lower on lambs and as much as \$1 down on ewes. Medium to choice fat lambs ranged from \$18.50 to \$22. Top ewes brought \$11 to \$13, and most goats \$8.50 down.

Most cattle classes sold strong to \$1 higher for the week, though bulls tended lower at some markets and cows lost at Houston. Common to medium cows brought \$15 to \$18 at

Fisher County Man Asks for Reelection As Commissioner

The Herald is this week authorized to announce the name of I. D. (Ike) West as a candidate for reelection for commissioner of precinct No. 2 in Fisher County, subject to the action of the Democratic primary.

West intended to announce earlier in the year in The Herald but rates for political announcements had not been established at that time.

He states that he may have something to say regarding his candidacy at a later date.

Mrs. J. T. Hart and children of Lubbock, Mrs. John Jenkins and children and Mrs. Jim Richerson of Sundown were visitors of Mrs. Lola Harbert over the week-end.

Houston and Wichita, while medium and good grades moved at \$17.50 to \$19 at San Antonio and \$17 to \$20 at Oklahoma City. Fort Worth bought beef cows from \$15.50 to \$18, as Denver took common to good kings from \$16 to \$18.40. A spread of \$11 to \$15 took most canners and cutters though Denver paid up to \$15.50.

Eggs sold lower at Fort Worth and poultry weakened slightly at Fort Worth and Denver, as most other Southwest markets remained steady to firm. Dallas bought eggs around 40 cents a dozen, Fort Worth 40 to 42 and Denver 39 to 40. Fryers ranged from 33 to 35 cents a pound at Dallas, Fort Worth and New Orleans.

C. S. Funk, Former Resident, Buried at Rotan Sunday Eve

Funeral services were conducted at Rotan Sunday afternoon for Clinton S. Funk, former resident at the Rotan First Methodist Church at 2:30 o'clock p. m.

He died of a heart attack after being seriously ill for several days. Services were conducted by Rev. R. S. Watkins, pastor, assisted by Rev. O. T. Brown, Baptist pastor at Rotan.

Old timers will recall that Funk was born in Wise County March 25, 1885 and he moved here with his parents near the present town of Hamlin. His family and he moved from Hamlin to Rotan in 1907.

He married Olivia Feagan September 29, 1908 and lived several years in Rotan and moved to New Mexico then returned to Rotan in 1938 where he has been engaged in stock farming ever since.

He is survived by his widow, a son, Everett C. Funk of Denver, Colorado; and a daughter, Mrs. Richard Price of Lubbock; and five grandchildren and four sisters.

Loans For Homes Are Down 5 Per Cent For Last Month

Hamlin homeowners were informed this week that loans for the purchase of homes in Hamlin and Texas slumped five per cent between November and December and dropped four per cent below their December 1946 level, according to a report to The Herald from University of Texas Bureau of Business Research.

Savings and loan associations reported to the Federal Home Loan Bank of Little Rock, Arkansas that loans for all purposes were declining.

December loans for all purposes totaled 1,585 for a three per cent monthly setback, but remained to a three per cent total above the last year's totals for the same period. Amount of all loans reached \$5,840,275 registering a two per cent yearly increase, despite a November-to-December decline of four per cent.

Refinancing loans increased 40 per cent above December 1947 figures; however, loans for the purchase of homes accounted for more than a half of the total reaching \$2,821,846.

TRUE STORIES of WEST TEXAS

(By N. H. Kincaid, 2618 Victory St., Abilene, Texas—Copyrighted)

"BEN PICKLIN, STAGE OPERATOR"

Ben Picklin eyed the drove of mules speculatively. No doubt about it, those critters needed shoeing badly. And it should be done before they were distributed among the stations for mail service.

This was in 1867 and just the year previously the United States Postoffice Department had awarded B. F. Picklin, his brother, Slaughter Picklin, and Frederick P. Sawyer a new mail contract for the Overland Daily Mail. There were to be three mails per week in the Southwest Texas run, with Fort Stockton as the meeting place between the East and West bound stages between San Antonio and El Paso.

This was the first of their several lines throughout West Texas. Later, Picklin built the Concho Mail Station about three miles from the newly established Fort Concho to serve as his headquarters. All the horses, mules and supplies were kept here and it was here that houses were built for the employees. The stage lines from Fort Worth and San Antonio then united here at Concho and ran west to El Paso. Now Ben Picklin was economical to parsimony and never allowed even a piece of broken leather to be wasted. And so on this day as his eyes appraised his horses' need for shoes, his mind was nimbly calculating the cost. And the total seemed staggering to him.

And then his face brightened. He was near the government post of Fort Concho. Now, if he could just get the post farrier of blacksmith to do the work!

Picklin, usually called Major Ben Picklin by his associates, contacted the garrison's commander and made his request. The commander gave his permission, providing the smithy had the time and wished to do the work. It took the farrier four days to shoe all the horses.

Picklin was elated with the job and his own business sagacity. "Here, let me make you a little gift after all that work!" he ex-

pansively told the farrier as he handed him a \$1.

"Gift, is it!" retorted the smithy. "you can't 'gift' me. That work is to be paid for."

"But no soldier gets extra pay for doing the work he is ordered to do," Picklin argued.

But in vain. The commander reminded Picklin that he had said the smithy could do the work if he wished to. And Major Ben Picklin felt actually sick as he slowly counted out the required \$25 in silver for the other man's outstretched palm.

Higher Prices and Bumper Crops Pay Texas Farmers Over \$1 Billion for Year

Higher prices and bumper crops brought Hamlin and other Texas farmers a record-smashing \$1,838,387,000 in the year of 1947, The Herald learns from the University of Texas Bureau of Business Research.

Income for 1947 was 47 per cent above that for 1946. All products except cats, mohair, wool, poultry, eggs, fresh vegetables and peanuts, registered substantial gains over the preceding year.

Cotton, bringing in over \$508,000,000 was the greatest source of farm income in 1947. Sales of cattle totaled over \$326,000,000 and wheat over \$252,000,000.

In the Trans-Pecos District, 1947 income was 30 per cent below 1946. Income in the lower Rio Grande Valley dropped five per cent during the same period. All other districts reported increases ranging from six per cent in the Edwards Plateau to 152 per cent in the Southern High Plains.

December income totaled \$136,340,000 as compared with \$200,783,000 for November. The 32 per cent decline was due to seasonal factors, and the seasonally-adjusted index soared to 488 from 410.6 in November and 336.1 in December 1946. Using as a basis of 100 the years of 1935-1939.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Southern High Plains district reported highest December income \$39,918,000, which was 293 per cent above December 1946. Other substantial gains were turned in by the Black and Grand Prairies and the Northern High Plains.

Marketings of winter fruits and vegetables pushed December farm income in the lower Rio Grande Valley 16 per cent above November, but failed by 17 per cent to exceed December 1946. Farm cash income of all other districts declined, ranging from seven per cent in the Black and Grand Prairies to 51 per cent in the Red Bed Plains.

Cotton Producers Interested in Plan for Consulate

These are only two of the eight activities outlined by the newly organized commission, according to Chairman C. W. Meadows Sr. of Angelo. Another objective will be the naming of a West Texan as the Governor's Good Neighbor Commissioner, "with particular view to aiding in perfecting a fair and equitable arrangement between our producers and the citizens of Old Mexico for seasonal Mexican labor."

The commission also will foster efforts to clear the title to the International Big Bend Park by seeking acquisition of additional acreage the ingress, which now is privately owned. At the same time the commission will work for additional highway, railway and air facilities to serve the park.

Manager D. A. Bandeen of the WTCC termed the objectives as necessary and worthwhile in the economic and cultural development of West Texas. Other members of the commission are L. D. Aston of Cleburne, Tim B. Cobb of Del Rio, Charles Stuckey of Monahans and Ed Nunnally of Bonte, who is secretary.

There is plenty of butane being made in Texas now, but so much of the supply is being shipped out of the state, much of it to enrich artificial gas used in the East and to improve the octane rating of low grade gasoline that there is not enough left to supply the Texans whose state produces these convenient fuels.

Time Out for Tours in Korea for U. S. Troops

Off-duty facilities for education and recreation are many for U. S. Army and U. S. Air Force Regulars in Korea. This view shows a group of soldiers combining both in an informative sightseeing tour of Korea's royal tombs, where are buried important kings dating back to 1392 when the Li dynasty was established.

Butane Gas Crisis Foretaste of Future If Exports Continue

Butane gas shortage now plaguing its 300,000 users in Texas is a foretaste of what will be happening to the millions of Texans who use natural gas when the gas reserves are not sufficient for both the out-of-state users and Texans served by the gas pipe lines, warned W. H. Kittrell of Dallas this week.

There is plenty of butane being made in Texas now, but so much of the supply is being shipped out of the state, much of it to enrich artificial gas used in the East and to improve the octane rating of low

grade gasoline that there is not enough left to supply the Texans whose state produces these convenient fuels.

PIMPLES

DON'T SQUEEZE THEM! Instead brush on KLEEREX and see how amazingly fast it hides ugly pimples as it dries them—often on first trial. Not a greasy salve that pimples thrive on, but a soothing medicated liquid that relieves itching—drives redness out. Ask for KLEEREX at all druggists. Double your money back if it fails.

POT-SHOTS FROM McCAULLEY

By GEORGE DARDEN

Girard High School basketball teams, both A and B boys team defeated McCaulley at Girard last Tuesday night. It was the first time this season that the McCaulley A team had met defeat, winning 28 straight games encircling the district championship as well as the

county championship. It was a good game the score being 38 to 34. At the half it was 20 and 20 and the teams were tied several times during the game. Girard are champions of their district and from a personal standpoint we hope the two teams will meet in the final game for State championship. The McCaulley team defeated Girard by a narrow margin in the March of Dimes benefit game on the local basketball court recently and the trip to Girard was a return game. We believe that the Girard team is one of the best in this part of the country and we certainly appreciate them coming to McCaulley that cold winter night for the March of Dimes games. Yep, its bad to lose but both teams have lost and won and both are district champions from their district. And it isn't impossible for the two teams to meet again and next time playing for State. Like McCaulley, Girard has a fine team and well coached and our hats are off to both teams.

Mrs. Alice Carricker, Mrs. W. H. Parker, B. F. Kemp send in their checks for the Cemetery Fund, also J. M. Humphries contributes to the Cemetery Fund as well as the March of Dimes. Thanks, neighbors.

Mr. and Mrs. Alvis Mayo and children from Grand Prairie spent last week-end in the home of his parents, Mr. and Mrs. W. B. Mayo. About 100 folks from McCaulley attended the basketball games at Girard including a 80 year old fan, S. E. Miers.

Oil play in these parts is still looking up and we never saw so many high powered automobiles slowly moving up and down our countryside, anyway it makes us feel somebody is wanting to buy something.

A new car of Anchor Feeds has arrived from Bewley Mills for the McCaulley Supply Company and will be retailed at the gin office.

Mrs. F. L. Rector was in a hospital at Rotan last week for treatment and is now home and feeling better.

Visiting in the home of their sister and husband, Mr. and Mrs. Melvin Henderson, of McCaulley last week-end were Mr. and Mrs. Al Johnson of Abilene and Mr. and Mrs. T. P. Johnson.

McCaulley High School basketball team boys winners of district 19 play the Beattie team winners of district 12 at McMurry College, Abilene Friday of this week. Other district champions 14 teams in all will complete and the winner will go to the State finals at Austin. Of course we of the home town will be down there turning hand springs for the McCaulley lads.

A number of McCaulley Masons, members of Lodge No. 830 A. F. & A. M. attended the George Washington celebration and big feed as guests of the Rotan lodge last Monday night. Representative Harley Sadler was guest speaker.

Bud Lee son of Mr. and Mrs. W. C. Lee and who is stationed down in Mississippi writes his mother that he is proud that Texas led all other states in going over their quota in the recent March of Dimes drive. Bud is making good in the Army and another home town boy who deserves a lot of praise.

O. R. Burnham sends in his check for The Herald for another year. Thanks.

McCaulley High School girls basketball team who played last week-end at Hermleigh at the district meet lost the first game by a score won by the McCaulley girls score of 21 to 23. Westbrook the winner, 21 to 14. Third game on Saturday Second game with Southland was morning was a heart breaker with Ira nosing the girls by two points in a overtime period. When game ended the teams were tied and it was necessary for a extra three minutes in which Ira made a field goal and there by eliminating our team.

Mr. and Mrs. C. D. Jones and Bonnie Beth visited his parents, Mr. and Mrs. J. O. Jones, at Slaton last Sunday.

There is so much opposition to the Presidents Civil Rights program among the Southern Democrats that it now seems possible that another Democrat may get the nod at the Convention.

Assault, the "club foot" comet and the third money winner of all race horses and a Texas horse has been retired after coming up lame in a recent race. Americans go for champions over a horse race.

Mrs. L. H. Loyd is in Clarksville at the bedside of a niece who is very ill.

Miss Velma Lou Boyd, teacher in the Coleman Schools, was home last week-end.

McCaulley Masons are sponsoring a George Washington birthday party Friday night and masons of neighboring communities and their wives are invited. Dr. Arant of Hardin-Simmons University, Abilene will be the guest speaker.

Remember the Methodist meeting begin February 29 and thru March 7. You are cordially invited.
